3 STEP POLISHING PADS

NEW ITEM!

- Now you can get an amazing glass like finish on granite and porcelain in just three easy steps.
- What used to take 7 polishing pads, (50 grit, 100, 200, 400, 800, 1500 and 3000), can be accomplished in just 3. Without water!
- #1 pad sand the material, removing saw and grinding marks. Perfect for tumbled travertine.
- #2 pad hones the material giving it a semi-gloss look and super smooth finish.
- # 3 pad polishes the material giving it a full gloss shine quickly.
- Great for backsplashes and sink openings.
- Amazing for giving porcelain a finished edge detail.
- If you have a adjustable speed grinder and can count to 3 you can polish granite and porcelain like a pro! Save time and \$\$\$ with Diamond Vantage 3 step pads.

*Do not exceed 3000 RPM
