# DIAMOND VANTAGE EQUIPMENT

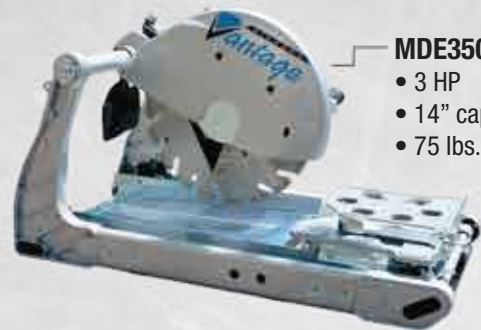

FOR THE GENERAL CONTRACTOR

## CONCRETE, MASONRY CUTTING TOOL

### DV MASONRY SAW\*

- MDE350**
- 3 HP
  - 14" capacity
  - 75 lbs.

14" capacity dry cutting masonry saw with optional stand, wet kit and dry kit. Featuring a 3 HP carbon brush motor that provides unrelenting torque at low amperages. Solid steel construction with a wide back design that accommodates materials up to 8" x 8" x 16".

\*Diamond Vantage offers a wide range of High Speed blades for Masonry and cut-off saws.

### SOLO® GAS SAW\*\*, made in Germany

- HGS-14S**
- 5 HP/81cc
  - 14" Capacity (20mm arbor)
  - 23 lbs.

The HGS-14S is our featured **high-speed gas saw made in Germany** by Solo®. It is a 14" blade capacity saw that can be used wet or dry. It has been designed with **optimum weight distribution** and an **anti-vibration system** that is sure to reduce fatigue. The air filter is practically **self-cleaning** and includes an external rocker to shake impurities from the filter. **Easy start up** and a one push stop button that immediately prepares the engine again for renewed operation without further adjustments.

\*\*Solo® is a registered trademark of SOLO Kleinmotoren GmbH.

## CORE DRILLS

### HAKKEN® CORE DRILLS

with most powerful Japanese motors in its class

Diamond Vantage is a US distributor for Hakken®. **Hakken® offers the most powerful motor at this class**, with a light weight and compact drill. Hakken® core drilling machines are easy to use and highly effective. For contractors and professional use; plumbing, HVAC, fence post, railing installation, utility and engineering core samples among other jobs. Hakken® Brand tools play an active part in construction and engineering all over the world and offer state-of-art technology in drilling.

- High quality made in Japan armature which minimizes repairs
- Roller slide carriage that provides smooth drilling and low friction.
- Industry standard 1 1/4"-7 spindle thread.
- Slip clutch that can be easily adjusted from outside the motor.
- Feed handle that can be placed on either side of the carriage for drilling close to walls and columns.
- Stands we offer: Standard, Standard with Large Vacuum Base, Angled, Swivel
- **DUSTLESS Connector** also available for all sizes

Diamond Vantage supplies wet and dry core bits for the professional or small contractor. Custom lengths can also be made.

### EIBENSTOCK HAND-HELD CORE DRILLS

- DRE4**
- 19.5 AMP
  - 6" Capacity
  - 15 lbs.

- Made in Germany
- Wet or dry use
- 3 speed
- Includes a carrying case with water swivel, garden hose connector, dust extraction port. 5/8-11 adapter and open wrench.
- Optional stand
- For use: plumbing, installation, fence post, railing installation, utility engineering core samples

## WALK-BEHIND / FLAT SAWS

### DV LOW HP FLAT SAW

- FS200-13G**
- 13 HP
  - 18" capacity
  - 245 lbs.

**Diamond Vantage Low HP Flat Saw, FS200-13G**, was designed to endure every day use while providing **straight and smooth cuts**. Our 18" blade capacity saw has a **13 HP Honda® engine** and is built with a **heavy-gauge steel frame** for reliable cutting. It features **dual blade arbors** to place blade on the left or right side of saw. Large screw type depth control locks to insure **consistent cutting depth**. Ideal for slab cutting, contraction joints, patch repairs in asphalt, traffic loop installation and trenching.

### MERIT HIGH HP FLAT SAW

Founded in 2011 Merit has become a well known name in the concrete cutting industry. Their saws are **handcrafted and made to order from high quality materials**. They are machined and **assembled in the USA**. **Diamond Vantage** is proud to be a **distributor** for Merit Engineering & Equipment Co.

- DV400SS-30E**
- 30 HP
  - 14" - 30" capacity
  - 1150 lbs.

Ideal for indoor work. Compact enough to fit through door ways. Powerful enough for large or small cutting.

- |                                   |                          |
